

18 Summers, Turn Off The Radio

this is the future
and the past
i'll be there
for you

this is your live
believe in yourself

open your ears and your eyes
the old man is praying the end of the world
but i don't believe in all these lies
so tell me the truth
and i will be there for you...

turn on the radio
if you are the flow with the stream
turn on the radio
if you are the "live your mother's dream"
"your mother's dream"
this is the future and the past

this is your live
believe in yourself
and i don't believe
in jesus christ
the new church is rising

and i will be there for you..
turn off the radio
and listen to what i have to say
turn off the radio
and once in a lifetime i'll be there
turn of the radio
and listen to what i have to say
turn of the radio
and once in a lifetime i'll be there
(i'll be there)
