

2 Chainz, Rule The World (feat. Ariana Grande)

2 Chainz

Top down on the dawn like I'm used to it
Prayin' you make it home like I'm used to it
Prayin' you make it home, I got used to it
Used to it
Prayin' you make it home like I'm used to it
Top down on the
Dawn like I'm used to it
Prayin' you make it home, I got used to it
Prayin' you make it home like I'm used to it
I realized we could rule the world
I realized we could rule the world

fell in love with a real one
this dedication
had 'em patiently waiting for a revelation
even when I ain't around
ain't no separation
your skin smooth
your eyes brown and you're far from basic
then we go to different places with no suitcases
but when we come back
we got suitcase
right now I sue love for a meditation
back in the day I'd shoot Cupid with no hesitation
I got more than 40 acres for my reparations
pussy on my navigation
that's my destination
please, don't never tell on me baby
as long as the meal prepared for me
baby
the mills I prepare
I share with you, baby
of course they gon' like this shit, look at it
everybody ain't happy, then look at me

Top down on the dawn like I'm used to it
Prayin' you make it home like I'm used to it
Prayin' you make it home, I got used to it
Used to it
Prayin' you make it home like I'm used to it
Top down on the
Dawn like I'm used to it
Prayin' you make it home, I got used to it
Prayin' you make it home like I'm used to it
I realized we could rule the world
I realized we could rule the world

why don't we ride four deep
rode so are we on E
she in E, she on me
let's try that way
ok
Shawty came in
walking like a model
shaped like a bottle
she knows if she mess with me
it's gon' be trouble
I'ma bust that bubble
I'ma always love her
mess up all the covers
atch me break it down like a foldin' chair
see me on the chain reaction, I got 40 pair
sorry I ain't answer

I was pullin' hair
y'all know me , so lowkey
all this ice on, I got cold feet
my shawty bad, she trophy
sje like to lay on me and call me cozy

Top down on the dawn like I'm used to it
Prayin' you make it home like I'm used to it
Prayin' you make it home, I got used to it
Used to it
Prayin' you make it home like I'm used to it
Top down on the
Dawn like I'm used to it
Prayin' you make it home, I got used to it
Prayin' you make it home like I'm used to it
I realized we could rule the world
I realized we could rule the world
