

3OH!3, We Are Young

Windows down
Pedal to the sneakers
Turn up the volume
Blow out the speakers
Best clothes on
Goin' down on fire
Turn the lights off
Turn the music higher

I broke free, castaway
Won't find me
And now your never gonna break me down
Gonna break me down
This is all I can take, so farewell
'Cause your never gonna find me now
Gonna find me now

We are young (Whoa!)
We are young (Whoa!)
We drink and we fight and we love just because
We are numb (Whoa!)
We're on the run (Whoa!)
And your never gonna chase us down
We are young (Hey!)

Dance with the devil don't be shy
Nothings gonna stop us we can't die
Sleepin' in a bed waking up outside
At least I can say I tried
So fathers don't let go of your daughters
We take what we want we don't borrow
Think I found a message in a bottle
This says "Drink me, drown your sorrows"

I broke free, castaway
Won't find me
And now your never gonna break me down
Gonna break me down
This is all I can take, so farewell
'Cause your never gonna find me now
Gonna find me now

We are young (Whoa!)
We are young (Whoa!)
We drink and we fight and we love just because
We are numb (Whoa!)
We're on the run (Whoa!)
And your never gonna chase us down

We are young, young, young (Whoa!)
We are young, young, young (Whoa!)
We are young, young, young (Whoa!)
And your never gonna chase us down
We are young

If I'm doin' this right
I'll be leavin' tonight
I got my bags packed tight (Oooaawaohhh!)
So many reasons to leave
I got my hands on my keys
Ya I'll be leavin' tonight (Oooaawaohhh!)

We are young (Whoa!)
We are young (Whoa!)

We drink and we fight and we love just because
We are numb (Whoa!)
We're on the run (Whoa!)
And your never gonna chase us down

We are young, young, young (Whoa!)
We are young, young, young (Whoa!)
We are young, young, young (Whoa!)
And your never gonna chase us down
We are young
