

# 5 Seconds Of Summer, Never Be

I need your love to light up this house  
I wanna know what you're all about  
I wanna feel you feel you tonight  
I wanna tell you that its alright

I need your love to guide me back home  
When im with you im never alone  
I need to feel you feel you tonight  
I need to tell you that its alright

We'll never be as young as we are now  
Its time to leave this old black & white town  
Lets seize the day, lets run away  
Don't let the colours fade to grey

We'll never be as young as we are now  
As young as we are now

Ive seen myself here in your eyes  
I stay awake til the sunrise  
I wanna hold you hold you all night  
I wanna tell you that you're all mine

I felt our hands intertwine  
I hear our hearts beating in time  
I need to hold you hold you all night  
I need to tell you that you're all mine  
We'll never be as young as we are now  
Its time to leave this old black & white town  
Lets seize the day, lets run away  
Don't let the colours fade to grey

We'll never be as young as we are now  
As young as we are now

We wont wait for tomorrow  
Its too late we dont follow  
We wont wait for tomorrow  
Its too late we dont follow

We'll never be as young as we are now  
Its time to leave this old black & white town  
Lets seize the day, lets run away  
Don't let the colours fade to grey

We'll never be as young as we are now  
As young as we are now

As young as we are now
