

50 Cent, Be a gentleman

[Chorus]

It's best you be a gentleman
and you watch what you say (bwahh nigga take that)

Or Jesus Christ can't save you once you go
gangsta, friend

[50 Cent]

Yo, no more freestyles and verses killin' Sticky
and Ja

I've movin' on now, I got bigger fish to fry
Since 'How to Rob' a lot of niggas been naming
names

Monkey see monkey do, I done changed the game
Still niggas acting like I don't get down or
something

Like I aint the next nigga to wear the crown or
something

You gonna talk about your chips till we run in
your crib

And you gone ask dumb questions like "Can I
Live?"

Look, If I shoot you, I'm famous

If you shoot me your brainless, you said it
yourself

I'm slick enough to twist your lines and send
them back at you

Swift enough to snatch the mack and pop that at
you

Take it personal see if I won't send you to hell
I've done told Ton and Pok? they better have my
bail

But if its over a mil don't put the crib up dun
Cause if 50 get free nigga, 50 gonna run

[Chorus] 2x

It's best you be a gentleman
and you watch what you say (bwahh bwahh, nigga
take that)

Or Jesus Christ can't save you once you go
gangsta, friend

(bo! bo! bo! bo!...It's gangsta)

[50 Cent]

Look I'm supposed to be cocky, I ain't a po' no
mo'

I ain't gotta steal from the corna' store no mo'
Got my own crib, I ain't sleepin' on the flo' no
mo'

Bouncers don't try to play me at the do' no mo'
But when they see me they say search him

"He might have the nine

He might shoot this motherfucker up like Shyne"

It's been a while since a new nigga came tight
like this

Ya man, he aight, but he ain't quite like this

Niggas is feelin' it

The Benz pullin up on the set (uh huh)

Me jumpin out 30 tho on my neck (uh huh uh huh)

And since you said it was nothin' to sweat (what)

That you was outta line so here's what you get
A verbal ass kickin'

Jesus Christ sent me to test ya

Let's see how see how he act's under pressure

Till Makaveli returns it's 'All Eyez On Me'

Till the feds build up cases and find pie's on me

[Chorus] 2x

It's best you be a gentleman
and you watch what you say (bwahh bwahh bwahh,
bwahh nigga take that)
Or Jesus Christ can't save you once you go
gangsta, friend
(bo! bo! bo!, It's gangsta)
It's gangsta, 2000 shit
(Echoing)
Ya'll know what you need to do, get together,
make a We Are The World record, faggot ass
niggas)
