

A.P. Golden Boy, Cracker time

"Cracker time"
Look what I got
I am uncut
I don't shave my balls
I have different goals
my dick isn't big
but can fuck all holes
every pussy scores
when her mom snores
black or yellow white
all of them all right
each kind I might
sooner or later bite
I'll come in night
I'll be pussies' knight
in dark I'm bright
I'm your Mister Right
It's cracker time
so browse you tube and go online
it's cracker time
this bitch is still not quite mine
it's cracker time
remember what ur granny told u when u was 9
it's cracker time
those damn stupid lyrics are probably fine
It's in the ass pain
when bitches with no brain
eat cookies and gain
then take shots and cocaine
they end like Kurt Cobaine
everything was in vain
grief and sorrow remain
what was a bitch's name?
that boy was so fuckin lame
but she boned him he cam
whom should I suppose to blame?
I only a little bit complain
political correctness is on a mouth chain
I really like Lil Wayne
A. P. is my true name
I can explode like propane

What's up?
I'm fucked up
fucked up cracker
straight guy not a cocksucker
I have period face
but still no AIDS
neither H.I.V
that's a good C.V.
I still have full load of cum in me
do u wanna check and see?
one chick told me is so tasty
together we can cook my chicken
this chicken tastes like bitch Porto-Rican
a little different than a pussy of Mexican
so ask me in bed for everything what I can
