its love

oh yea oh no
baby what i feel for you is weird
like ive never felt this way before(tell me the same)
but even though this seems like a dream i know you are so true
i really really love you
tell me you love me to

chorus
oh you are my finest dream
(but i know your true)
and you are the one for me
i know it
(oh she knows it)
cause i feel it my heart
it misses a beat when i see you
that is how i know i love you

when ever im down your there
oh you put a smile on ny face
my heart races what shall i say
you there for me every day
oh yea yea yea

chorus

oh tell me its true
the feelin in my heart for you
you there for me everyday
in every possible way

chorus x2

i feel it in my heart
