

A1 x J1, Scary ft. Aitch

The mandem fighting demons, the block gets scary
I'm really good in my hood, I'm not like them so don't compare me
Night-time so the block gets scary
You don't wanna lose your life by the youngest G with the largest knife
Trust me it's a scary sight, one bubu and you'll lose your mind

Man I slide with bro 'cause bro got me, we slide up town trynna stay low-key
Now my main's in town she ain't ever had to dream tell her wait and see
24's I'm grinding hard you can see in my eyes that I don't get sleep
(Na-na-na-na)

The mandem fighting demons, the block gets scary
I'm really good in my hood, I'm not like them so don't compare me
Night-time so the block gets scary
You don't wanna lose your life by the youngest G with the largest knife
Trust me it's a scary sight, one bubu and you'll lose your mind

My bro got a pack, get rid of it
Nah, he don't wanna walk on the block no more
'Cause he got to stay way too diligent
The young G's move like idiots
Bro nearly lost his life now he steps with the what a scary sight
He's deep in the field like Declan Rice
You don't wanna test my guys

If it weren't for the music I'd be grafting with bro
I can't even say what we'd do
Wagwan bro, I don't know that yute (Who's that?)

The mandem fighting demons, the block gets scary
I'm really good in my hood, I'm not like them so don't compare me
Night-time so the block gets scary
You don't wanna lose your life by the youngest G with the largest knife
Trust me it's a scary sight, one bubu

The mandem fighting demons, the block gets scary
I'm really good in my hood, I'm not like them so don't compare me
Night-time so the block gets scary
You don't wanna lose your life by the youngest G with the largest knife

Know I came from Manny
Whole block full of shanks and guns
Then I made some money
Elastic bands when I wrap these funds
Nowadays all I see is racks and bums
All the yg's out tryna pack some opps
Mumzy tryna packs man's lunch
If you trap that's blessed but stack that bread
Then man make one bit of cash then stunt (Trust)
Bro came home from jail this year tryna clean his rep (Yeah)
Think the system turned him vegan he told me the beef ting dead (Dead out here)
Come like my next bro plays at ot 'cause all he see is red (Trust)
I just pray God keeps him blessed, yeah

The mandem fighting demons, the block gets scary
I'm really good in my hood, I'm not like them so don't compare me
Night-time so the block gets scary
You don't wanna lose your life by the youngest G with the largest knife
Trust me it's a scary sight, one bubu
