

# Abney Park, False Prophecy

I reached from darkness,  
I saw the day and another way.  
And led by darkness,  
I found the way stretched from my [effort].  
I took a step toward the light of day.  
I took a step toward the light of day.

I [flipped] the darkness,  
[Over bucking the phase] to the pawn of destiny.  
I took in emptiness,  
To serve as a cage of artificial rage.  
I had uplifted more to invest in me.  
I had uplifted more to invest in me.

Following the same false prophecy  
Modeling impossible destinies.  
I will bring my whole lifes energies  
Towards the path hes at for synergy.
