

# Aborted, Medical Deviance

[Music: Bart, Lyrics: Sven]

Reflected on the iris, A tale each stiff reveals  
Numbing - depersonalisation  
Surgical doctrines transmute to malevolence  
A morbid fascination, medical expertise befouled  
To ensure intravenous butchery...

Single handed and scalpel guided,  
Life chors are sliced  
Practitioners of a medical deviance  
Rigor mortis sets in, achieving thrills  
the doctor is in...

Thrusting tools incyst,  
our minds are tools that wreck  
The bonesaw abused,  
your spleen removed, dissection in progression  
Sterilised tools incyst,  
our minds are tools that wreck  
The bonesaw abused,  
your spleen removed, dissection in progression

Reflected on the iris, A tale each stiff reveals  
Numbing - depersonalisation  
Surgical doctrines transmute to malevolence  
A morbid fascination, medical expertise befouled  
To ensure intravenous butchery...

Single handed and scalpel guided,  
Life chors are sliced  
Practitioners of a medical deviance  
Rigor mortis sets in, achieving thrills  
the doctor is in...

Let us cut your artery  
Let us trip your humanity  
Let us drain you profusely  
Let us expose you completely

Sterilised tools incyst,  
our minds are tools that wreck  
The bonesaw abused,  
your spleen removed, dissection in progression

Hooks and screws,  
tools abused  
Blood debouched,  
stiffs retouched
