

# Accept, Do It

I've got the same bad dream every night  
My love is gone - out of sight  
My brain is mad, my mind is sad  
I gotta tell ya, it's that alright  
Boring time - time without you

Baby come back, come back to me  
I beg you girl, down on my knees  
Show me the way, show me the way  
I need you so, come back - come back - come back to me

Do it - do it - do it tonight  
You are the girl of my life  
Do it - do it - do it tonight  
You are the girl of my life

Baby I know I'm just a fool  
What can I do, I need you so  
I wanna give you all my love  
I need to have you all night - all night - all night long

Do it - do it - do it tonight  
You are the girl of my life  
Do it - do it - do it tonight  
You are the girl of my life  
Come back, baby - come back, baby

Come back, baby come back  
I beg you girl, down on my knees  
Show me the way, show me the way  
I need you so, come back - come back - come back to me

Do it - do it - do it tonight  
You are the girl of my life  
Do it - do it - do it tonight  
You are the girl of my life
