

Accept, Predator

Roaming through the forest
Along the mountainsides
Moving through the darkness
I'm a creature of the wild

Sneaking up behind you
Hunting in a pack
Attacking out of nowhere
Always from the back

Predator
[I'm a] Predator
Eating you alive
[I'm a] Predator

It's the call of the wild
Pumping up my powers
My fangs are razor-sharp

Nature's takin' over
My instincts are alive

Predator
[I'm a] Predator
Eating you alive
[I'm a] Predator
