

Adrian Sieber, Round round song

1, 2, 3, 4
I'm going round round
In a circle
Round, round
Always coming back to you
Going round, round
Going round, round

I got your heart in a red spot
I can???
Now I can say I been born
You've got your heart in a red spot
Under my eyes
Put your hands where it's feel right
No there's no other one
No there's no other love like yours
Put your hands where it's feel right
Under command

It's Friday night and you make me feels like dreaming
All I know
?..people for
As long I've got you?.

I'm going round round
In a circle
Round, round
Always coming back to you
Going round, round
Going round, round
Eiii eeeee eeee ee

I'm going round round
Going
Round, round
?. Round round
?.all of me don't you?
I'm going round round
Going
Round, round
Eiii eeeee eeee ee
No no

You've got your hair in a right cloud
No I'm not question that
No I won't listen with promise
You've got your hair in a right?
It's inside my eye
You give your love to the right man
No is ?.
No??office
You give your love to the right man
I give your mine

It's Friday night and you make me feel dancing
All I want to know
What you did with people for?
As long I've got you, tell me

I'm going round round
In a circle
Round, round
Always coming back to you
Going round, round

Going round, round
No
No!
