## aespa, Next Level (Habstrakt Remix)

I am on the next level
I follwo the abslute rules
Don;t let go of my hand
Unity is my weapon
I walk to Kwangya
I know your ground
Confront te threat
Beat it /3x

An unexpected black out The temptation is deep and strong To hot /2x

Letting go of the hands held together But i'll never give up

I am on the next level i open the door over there next level i will destroy you
