

Afgan, M.I.A (feat. Jackson Wang)

Now you always wear your heart upon your sleeve
I still think about you
Even when i sleep
Why you always worried that i am gonna leave
You don't have to do that
Baby, now with me

You in;t gotta switch up plike that
Know you wnat love like that
Treat you so good right back
Don't sat you want it
Say you want love like that
Love like taht
And just like that
You come right back

You know you got got my heart
And that's all i ever want
I told you from the start
That i won't

Won't go M.I.A.
Go M.I.A.
No need to be scared now
Know i am gonna stay around
Won't go M.I.A.
Go M.I.A.
No need to be scared now
Know i am gonna stay around

Cloudy bay on deck
Loving you no test
Put myslef on a bet

My lovin for you girl it's true
