

# Against The Current, Young & Relentless

Sleepless night  
Bloodshot morning  
Runway lights  
London calling

We could be any place, any time, in any moment  
It's a race to the line  
Break away from the life that they sold ya  
Pack a bag, say goodbye

All we know is go, go, go  
All we know is go, go, go

We got, we got the life unbelievable  
Sleep when we're dead  
Live like we're invincible  
Oh  
We're young and relentless  
Get up get out your mind cause you never know  
No way to hit rewind once your eyes close  
Oh  
We're young and relentless  
We go, go, go  
We go, go, go

Jetlag daydream  
No permanent address  
It's like a memory fading  
Of a New York sunset

Yeah, we could be any place, any time, in any moment  
It's a race to the line  
Break away from the life that they sold ya  
Pack a bag, say goodbye

All we know is go, go, go  
All we know is go, go, go

We got, we got the life unbelievable  
Sleep when we're dead  
Live like we're invincible  
Oh  
We're young and relentless  
Get up get out your mind cause you never know  
No way to hit rewind once your eyes close  
Oh  
We're young and relentless  
We go, go, go  
We go, go, go

All we know is go, go, go  
All we know is go, go, go

We got, we got the life unbelievable  
Sleep when we're dead  
Live like we're invincible  
Oh  
We're young and relentless  
Get up get out your mind cause you never know  
No way to hit rewind once your eyes close  
Oh  
We're young and relentless  
We go, go, go  
We go, go, go
