Pussy on tap

Run the bath it gets mad
Spend another few grand
Smoke thru a next pack

Moneys due to spread fast
Boy I got me some plans
More moves and less chat
Yeah

Run the place we don't wait in line
Give a fuck that I'm late Imma take my time

Took the city and I made it mine
Put my shades on and rave like it's 89

Yo

Dirty mouth but my heart clean
That's why my pocket fat like darts team, yeah
They look at me like he can't be, yo
That boy I got rich in a heartbeat
Take the traction of the whip and I slide out
Roof off throwing Ms up cos it's my town
She came in a dress ended up in a night gown
I ain't even flex, I'm just laying the pipe down
Say with my chest I'm the greatest you'll find out
Aitch but I feel like AJ when I psych out
They don't really love me deep down they just like clout
So pay me with respect if you ain't paying the right pounds
Yeah, the bezel on the watch like the tracks I record
Probably platinum or gold, I got plaques for 'em all
Don't trip when I slip, money catches the fall
They can't kick with the clique cos we actually ball

Run the place we don't wait in line
Give a fuck that I'm late Imma take my time

Took the city and I made it mine
Put my shades on and rave like it's 89
