

# Akcent, Gold (feat. Amira)

Do you know what I love  
Do you live in my dreams  
Do you care about me huh  
Wanna do all the things that you promised to me  
I can wait no longer  
'Cause I wanna be loved and I wanna be good  
I'm a bad girl baby stop me stop me baby  
And I don't don't wanna go without you go without you  
And you must be good at something boy I got you boy I got you  
And I must be crazy boy about you boy about you  
Oh ooh oh ooh baby

You must be Gold  
You must be Gold  
You must be Gold

Acting pretty good  
Acting like you should  
Welcome to my hood  
I feel like I know ya  
Acting pretty good  
Just a little rude  
Boy you change my mood  
And I feel like I know ya

You must be Gold  
You must be Gold

So stay for me  
When the rest when the rest is coming  
Just leave with me baby  
I'm your bad boy bad boy  
You made your key where we carry closer  
Just leave with me baby  
I'm your bad boy bad boy

You must me Gold  
You must be Gold  
You must be Gold

Acting pretty good  
Acting like you should  
Welcome to my hood  
I feel like I know ya  
Acting pretty good  
Just a little rude  
Boy you change my mood  
And I feel like I know ya

You must be Gold  
You must be Gold
