

# Akon, Don't Matter (Calypso Remix)

(Brick & Lace)  
Ohh yaaa  
Coz I got you babe  
Ohh  
Coz I got you babe

(Brick & Lace)  
I've been writing you this letter  
I wanna say boy that I love you so  
They just don't know  
Even though they try to tell me forget about you  
'Cause you locked away  
My love wont change  
And baby ill wait ten thousand days  
Whatever it takes  
To see your face  
Where ever you are  
No matter how far  
Can't tear us apart  
You got my heart

(Akon, Brick & Lace)  
Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

Yes we gon fight  
Oh yes we gon fight  
Believe we gon fight  
Fight for our right to love yea

Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

(Brick & Lace)  
So boy I'm making you this promise  
I wanna do this  
Never leave you no  
You got my word  
And I can't even for a minute imagine my life  
Without you in my world  
And baby ill wait ten thousand days  
Whatever it takes  
To see your face  
Where ever you are  
No matter how far  
Can't tear us apart  
Coz you got my heart

(Akon, Brick & Lace)  
Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

Yes we gon fight

Oh yes we gon fight  
Believe we gon fight  
Fight for our right to love yea

Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

(Brick & Lace)  
This love that we have they will never know  
Missing you so bad  
As the tears flow  
I'll be waiting right here  
Why did you have to leave?  
So hard when you're away from me  
But I'm your girl  
And I know that ill see you soon  
Boy I'm counting down the days  
Just to be with you  
No matter where you are  
They can't break us apart  
You know you'll always have my heart

(Akon, Brick & Lace)  
Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

Yes we gon fight  
Oh yes we gon fight  
Believe we gon fight  
Fight for our right to love yea

Nobody wanna see us together  
But it don't matter no  
Coz I got you babe

I got  
Coz I got you babe  
I got  
Coz I got you babe  
I got  
Coz I got you babe  
I got  
Coz I got you babe
