

Akon, I Promise

Akon and Elvis white Yay.
upfront
cuz i promise girl

Im so lost girl without you
Im rapped up in pain
Im going insane, without you

Im so lost girl without you
I dont know my name
Its just not the same without you

Please forgive me, for all the wrongs Ive done
Saying sorry, girl, is never fun
So many things I need to say to U,
well here is where I will start from

Im so (so) lost girl without you
Im rapped up in pain
Im going insane, without you

Im so (so) lost girl without you
I dont know my name
Its just not the same without you

Cause I love U; na,na,na; I Love U; na,na,na;
Baby and only you, i love you; na,na,na;

Cause I love U; na,na,na; I Love U; na,na,na; I
Love U; na,na,na and only U

Your love means so much honey
Without your love Im so lonely
So many reasons you should be my boo
One plus one will always equal two

I Promise U, Ill be there for U
Whether sun or rain or season change
I Promise U, Ill be there for U

Through your ups and downs, Ill be around

Cause I love U; na,na,na; I Love U; na,na,na;
Baby and only you, i love you; na,na,na;

I love U; na,na,na; I Love U; na,na,na; and only U

Im so lost girl without you
Im rapped up in pain
Im going insane, without you

Im so lost girl without you
I dont know my name
Its just not the same without you

Cause I love U; na,na,na; I Love U; na,na,na;
i love you na,na,na ilove you Baby and only you,
i love you; na,na,na;
I love U; na,na,na; I Love U; na,na,na; and only U

Im so lost girl without you
Im rapped up in pain
Im going insane, without you

Im so lost girl without you
I dont know my name
Its just not the same without you

na,na,na; I Love U; na,na,na;i love you na,na,na
i love you Baby and only you, i love you; na,na,na;

na,na,na; I Love U; na,na,na; I Love U; and only U

(Fade) Im so lost girl without you
Im rapped up in pain
Im going insane, without you

Im so lost girl without you
I dont know my name
Its just not the same without you
