

Akon, Showout

I'm sure that the streets are watching me
Rather not run when the cops are stoppin' me
Pulled over on the road, they watching me
As they walk pass, all the chicks are jockin' me
Ferrari truck on the side of the road
Raspberry paint-gloss, sittin' on 24's'
Gimme a warrant and you be lettin' me go
You can tell by dudes that, I ain't an average Joe
'Cause, I make fresh diamonds daily, you burn me?
Really? 'Cause I outa' seen yo type of fall
You wanna hang out on shelta 'cuz he makin' that dough, yo
Don't temp me 'cuz I'm close to the, edge
I'm tryin' not to lose my head
'Cause you don't really wanna see me showout
In the club on free spinnin' G's showout
Yokohama 24's on these? Showout
Yo, playa don't make me showout
'Cause you don't really wanna see me showout
Akon, gotta do it solidly
From the West Indies, over seas
Yo, mami don't make me showout let me know
It's all good, but I'm still in the hood
Like, right around the corner
'Cause it's all in my brain check this
I nice crib on the hill of Hollywood
'Cause the ghetto mind state, ain't a damn thing change
It's funny how people swith, when they get rich
Spend it all on chicks
100,000 car for what? These bitches
10,000,000 crib for what? These bitches
5,000 suits for what? These bitches
Should of known that they only out for your riches
Some freaks need to be dealt with
Spread 'em and smack 'em back whaa? With a stick
I'll guarantee shell do what you'll say
Yeah, daddy no, daddy okay
Don't temp me 'cuz I'm close to the, edge
I'm tryin' not to lose my head
'Cause you don't really wanna see me showout
In the club on free spinnin' G's showout
Yokohama 24's on these? Showout
Yo, playa don't make me showout
