

AKX, LONG WEEK

Long Week Long Dick I'm weak and she's having a good time
My face to waste three days and
she is dancing
You want this time for your dream
So please, stop being mean
Long Week Long Dick I'm weak and she's having a good time
My face to waste three days and
It's sounds like a little routine
talking to a voice machine
Give me a little sign
give me a little sign
give me a little sign
you fucking monster
All my mojo is gone
Soon or later I won't be alone
