Alan Walker, Endless Summer (feat. Zak Abel)

Lost love, now it's back again I've been right here waiting One touch and somethings in the air Got my heartbeat raising

I got that feeling again, like it's an endless summer I got that feeling again, like it's an endless summer No time for regret, no time for sleep yeah, Not fucking leaving, when your with me yeah I got that feeling again, like it's an endless summer Endless summer

Hands up raise them to the sky Cause I got you by my side It's bold love, every single time And it takes me higher

I got that feeling again, like it's an endless summer I got that feeling again, like it's an endless summer No time for regret, no time for sleep yeah, Not fucking leaving, when your with me yeah I got that feeling again, like it's an endless summer Endless summer Endless summer

Rain rain go away, sommer's here to stay Cheers to better days (endless summer) Rain rain go away, sommer's here to stay Cheers to better days (endless summer)
