

# Alan Walker, The Drum

bom-b-bom-b-bom

ooh I can't pretend  
like you didn't bring my tempo up again  
my head's in a spin  
you send my body to a place it's never been

baby won't you let me  
keep you up all night  
let the morning come closer  
you send me so high  
now the ceiling can't hold us  
listen to my heart  
let the rhythm control ya  
I'll be there when you need my love  
just follow the beat of my drum  
it goes bom-b-bom-b-bom...

just follow the beat of my drum

ooh I can't pretend  
like I didn't let your love go to my head  
oh I'm in a spin  
you send my body to a place it's never been

oh no  
thinking about you  
making my body behave so  
crazy oh you make me wanna sway slow  
you push up on me  
baby you got me for days  
oh you do

baby won't you let me  
keep you up all night  
let the morning come closer  
you send me so high  
now the ceiling can't hold us  
listen to my heart  
let the rhythm control ya  
I'll be there when you need my love  
just follow the beat of my drum  
it goes bom-b-bom-b-bom

oh no  
thinking about you  
making my body behave so  
crazy oh you make me wanna sway slow  
you push up on me  
baby you got me for days  
oh you do

just follow the beat of my drum  
bom-b-bom-b-bom

it goes  
bom-b-bom-b-bom

just follow the beat of my drum
