

# Alesso & Anitta, Is That For Me

come a little bit closer  
come and get a little piece of mine  
let me take over  
nothing wrong with feeling right  
no, don't be selfish  
it's getting late look at the time  
been thinking about it all day  
what we gonna do about it tonight

up against the wall /2x  
no holding back now  
no rapping out now  
no turning back now  
catching feelings no /2x  
let's go away now  
savor the taste now  
wanna know now

lemme bacj upo on it  
holsd on we going for a ride  
ready know you want it  
know you wanna take all me time  
but you can't be stingy  
gotta gimme gimme what I like  
been thinking about it all day  
what we gonna do about it tonight

up against the wall /2x  
no holding back now  
no rapping out now  
no turning back now  
catching feelings no /2x  
let's go away now  
savor the taste now  
wanna know now

is that for me /5x
