

# Alexander Rybak, Magic

Suddenly the world plays magic  
Everywhere i turn there's magic  
The troubles on my mind, vanished  
Cause the girl , the girl is magic

The beating of my heart is't magic  
The seagulls on the roof scream magic  
And if you do not believe me  
I'll manage  
Cause she's the air thah i breathe  
Sounds like magic to me
