

# Alexander Rybak, That's How You Write A Song

if you got a minute  
get down your idea  
it might do wonders  
maybe disappear  
who knows  
just get it down  
and nothing can go wrong  
go find your rhythm  
that's how you write a song!

enjoy the small things  
with time they will get big  
gotta find your mission  
a mission to pursue  
you know you got talent  
whatever it may be  
so work your magic  
and sing along with me

Step one: Believe in it!  
and sing it all day long  
Step two: just roll with it!  
that's how you write a song!
