## Alexandra Burke, I'll Be There

| You and I must make a pact, we | must bring salvation | backWhere there is love | , III be thereIII reach |
|--------------------------------|----------------------|-------------------------|-------------------------|
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
|                                |                      |                         |                         |
