

Alexandra Burke, Let It Go

Sometimes life seems impossible
When our dreams just fade away
We can cope upon the little things
Prison cells in an awful way

Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go

Time can be the perfect remedy
Let love the lead the way
So feel you heart, let it show
Give it just a little more
Come on baby, bring the back love light

When it feels hard, let it fall
Put your hands up to the sky
Come on baby, bring the back love light

Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go

Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go

Smash it up, come on make you worth it
Gonna live life all of the way
Get back strong all this struggle
But so much beauty along the way

Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go
Time can be the perfect remedy
Let love the lead the way
So feel you heart, let it show
Give it just a little more
Come on baby, bring the back love light

When it feels hard, let it fall
Put your hands up to the sky
Come on baby, bring the back love light

Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go

Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go

Come on baby, bring the back love light

Switch it up, come on make you worth it
Come on make you worth it

So feel you heart, let it show
Give it just a little more
Come on baby, bring the back love light

When it feels hard, let it fall
Put your hands up to the sky
Come on baby, bring the back love light

Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go

Let it go, go, go, go
Let it all go
Let it go, go, go, go
Let it all go
