

Alexandra Burke, Renegade

Missiles rain down on me
I take 'em all
Gun fire, ceasefire, I still bleed
But I'm in denial
I surrender every inch of me
Put my hands up for the world to see

Missiles rain down on me
I take 'em all
I'm all alone in this world
But I am a peace with my flaws
I don't abide by the
A rebel with the cause

'Cause I'm a renegade!
Renegade, renegade
Renegade, renegade

'Cause I'm a renegade!
Renegade, renegade
Renegade, renegade

(A rebel with the cause)
'Cause I'm a renegade!
Renegade, renegade
Renegade, renegade

'Cause I'm a renegade!
Renegade, renegade
Renegade, renegade

'Cause I'm a renegade!
Renegade, renegade
Renegade, renegade

So call your soldiers off me
I'm breaking out
Be myself and I know war may
So put your weapons down
I surrender every inch of me
Put my hands up for the world to see

So call your soldiers off me
I'm breaking out
I'm all alone in this world
But I am a peace with my flaws
I don't abide by the
A rebel with the cause

'Cause I'm a renegade!
Renegade, renegade
Renegade, renegade

'Cause I'm a renegade!
Renegade, renegade
Renegade, renegade

(A rebel with the cause)
'Cause I'm a renegade!
Renegade, renegade
Renegade, renegade

'Cause I'm a renegade!
Renegade, renegade

Renegade, renegade

I won't ever give in to wars
Now that I'm breaking through
I am taking back all of me
From you
