

Alexandra Burke, You Broke My Heart

(*Steve Booker, Niara Scarlett, Victoria Lott / *Prod. by Steve Booker)

Oooohhh

You know that I would follow you

To the end of the Earth

And maybe I was kinda bold

You shouldn't know my words

I was waiting for the time to remind you

You were in love

What I gave was so incredible

But it was never enough

You took my love

And broke my heart

You took my smile

And tore it apart

You left me crying

Down on the floor

The funny thing is

I still want more

If only you love me like I wanted you to

But you trick me into loving you

You tore me apart

You broke my heart

You charm me with your little ways

You knew the buttons of praise

And you said I was your everything

But boy you couldn't care less

And you said we'd be together forever

Now look what you've done

What I gave was so incredible

But it was never enough

You took my love

And broke my heart

You took my smile

And tore it apart

You left me crying

Down on the floor

The funny thing is

I still want more

If only you love me like I wanted you to

But you trick me into loving you

You tore me apart

You broke my heart

All that I needed

was someone to hold me

And all that I wanted

was someone to show me

just what it is to be loved

And I hoped that someone was you

Oohhhh

You took my love

And broke my heart

You took my smile

And tore it apart

You left me crying

Down on the floor

The funny thing is

I still want more

If only you love me like I wanted you to

But you trick me into loving you

You broke my heart

You broke my heart

You tore me apart

you broke my heart

You broke my heart
