trust me  
trust me  
when i say I was innocent  
trust me  
he only stayed cause we were just listening  
we were just listening

I know what you think  
I know you're scared  
I'll find someone else  
and I know what you think  
that I'll be unfaithful  
and it'll be unfair  
and you will be torn in two  
well I've got some news for you
