

# Alicia Keys, Good Job

you're the engine that makes all things go  
and you're always in disguise, my hero  
I see your light in the dark  
smile in my face when we all know it's hard  
there's no way to ever pay you back  
bless your heart  
know I love you for that  
honest and selfless  
I don't know if this helps it bu

good job  
you're doing a good job  
you're doing a good job  
don't get too down  
the world needs you now  
know that you matter  
matter, matter

good job  
you're doing a good job  
you're doing a good job  
don't get too down  
the world needs you now  
know that you matter  
matter, matter

6 in the morning  
and soon as you walk through the door  
everyone needs you again  
the world's out of order  
it's not as sound  
when you're not around  
all day on your feet  
hard to  
keep the energy  
I know  
when it feels like the end of the road  
you don't let go  
you just press forward  
you're the engine the makes all things go  
always in disguise, my hero  
I see a light in the dark  
smile in my face  
when we all know it's hard  
there is no way to ever pay you back  
bless your heart  
know I love you for that  
honesty and selfness  
I don't know if this helps it but

good job  
you're doing a good job  
you're doing a good job  
don't get too down  
the world needs you now  
know that you matter  
matter, matter

good job  
you're doing a good job  
you're doing a good job  
don't get too down  
the world needs you now  
know that you matter

matter, matter

the mothers  
the fathers  
the teachers that reach us  
strangers to friends  
that show up in the end  
from the bottom to the top  
the listeners that hear us  
this for you  
you make me fearless

good job  
you're doing a good job  
you're doing a good job  
don't get too down  
the world needs you now  
know that you matter  
matter, matter
