

Alicja Ruchała, Living My Life

got my all fire up
break a noise
look into your eyes

boy

..

wtf, I coming say hay!

we used to be a team
we had a good days
now we ... differently
but we can still play

just cuz I said that I don't love you
don't mean we can get down ...
I'm only human, got my needs too
maybe it's alright

cuz oh
I'm just Living My Life
give me, give me
your all night
baby, it's alright
I'm just Living My Life
give me, give me
your all night
baby, it's alright, it's alright
I'm just Living My Life
I'm just Living My Life

got me all like that
baby, love me like we've just met
but you know this body
from the tiptoe to the top of my head

we used to be a team
we had a good days
now we ... differently
but we can still play

just cuz I said that I don't love you
don't mean we can get down ...
I'm only human, got my needs too
maybe it's alright

cuz oh
I'm just Living My Life
give me, give me
your all night
baby, it's alright
I'm just Living My Life
give me, give me
your all night
baby, it's alright, it's alright
I'm just Living My Life
I'm just Living My Life
