

Alicja Ruchała, Summer Love

In the summer time
Getting summer high
I can feel my heart speeding

Baby, you are the reason

In the summer night
All this summer vibes
Getting all times of feeling

It must be the season

No lie
You got the body type
body type
oh my, oh my
read my lips
read my minds

you turn me on /2x
and nothing can turn me off
I can't fight this summer love
this summer love
/2x

this summer love

this summer love
this summer love

In the summer time
Getting summer high
Bodies covered in neon

Swear I feel like I;m dreaming
Take your time
Follow the signs
I'll give you all of my secrets

Be a good boy
And keep 'em

No lie
You got the body type
body type
oh my, oh my
read my lips
read my minds

you turn me on /2x
and nothing can turn me off
I can't fight this summer love
this summer love
/2x

this summer love

this summer love
this summer love
