

# Alison Gold, Chinese Food

After balling I go clubbing,  
Then I?m hugging,  
Then I?m hungry  
And I?m walking on the street  
And I?m getting getting getting getting grumpy grumpy

I see Chow, by my right  
I smell food in the air  
It?s Chinese Food, my favorite  
So I?m getting getting getting getting hungry

I love Chinese food  
You know that it?s true  
I love fired rice,  
I love noodles  
I love Chow mein.

Read the menu,  
They got broccoli,  
Even chicken wings,  
Make it spicy  
And you like it  
Cause it?s beautiful  
And it tastes so so so good  
I like the egg rolls  
And the wonton soup  
This makes me feel so so good  
Fortune cookies, tell my future

Yo!  
I like Chinese food  
And some Wonton soup  
Get me broccoli  
While I play Monopoly  
Don?t be a Busy Bee  
Cause it?s your fantasy  
To eat Chinese food  
Egg roll and Chop Suey  
I use the chopsticks  
To eat pot sticks  
Put some hot sauce and sweet and sour make it sweet  
Because Chinese food takes away my stress  
Now I?m going to go eat Panda Express
