

All Saints, Three Four

I just want it
get a little sip on it
fine dine on it
I will do whatever you say
can't go a minute
it's good cause I've mean it
don't let me down
why
cause I hit for you

what's gonna be??

hay
tell me what I got to do for you, baby
hay
tell me what I got to do for you, baby
you could fool me around a 100 times
but I still here for you
you can break me down
turn me up
yet, I am still for you

get a little deep on it
ride down on it
I just wanna make your day all up in it
taste good down it
I won't let you down
why
cause I hit for you

what's gonna be??

hay
tell me what I got to do for you, baby
hay
tell me what I got to do for you, baby
you could fool me around a 100 times
but I still here for you
you can break me down
turn me up
yet, I am still for you
