

# All Saints, Three Four

I just want it  
get a little sip on it  
fine dine on it  
I will do whatever you say  
can't go a minute  
it's good cause I've mean it  
don't let me down  
why  
cause I hit for you

what's gonna be??

hay  
tell me what I got to do for you, baby  
hay  
tell me what I got to do for you, baby  
you could fool me around a 100 times  
but I still here for you  
you can break me down  
turn me up  
yet, I am still for you

get a little deep on it  
ride down on it  
I just wanna make your day all up in it  
taste good down it  
I won't let you down  
why  
cause I hit for you

what's gonna be??

hay  
tell me what I got to do for you, baby  
hay  
tell me what I got to do for you, baby  
you could fool me around a 100 times  
but I still here for you  
you can break me down  
turn me up  
yet, I am still for you
