

# Amberian Dawn, Dragonflies

Hiding in the highest tree  
Waiting for the morning  
Dreaming 'bout the evil queen  
Shade is sleeping

Thinking 'bout all the years  
Of serving and of fighting  
While playing hide and seek  
Shade is awaking  
It's the beginning of a new era

Game on  
Fly with me my dragonflies  
Lash with your wings of sorrow  
'Till tomorrow

Game on  
Fight with me my dragonflies  
Sing with your golden tone  
And let your raging fire burn

Planning for the silent move  
To kill the evil queen  
Scouting the destroyed land  
Shade is stalking

Leading his trusted men  
Quietly  
Seeking  
Destruction of the kingdom  
But he's failing  
It's the beginning of a new era

Game on  
Fly with me my dragonflies  
Lash with your wings of sorrow  
'Till tomorrow

Game on  
Fight with me my dragonflies  
Sing with your golden tone  
And let your raging fire burn

Now all behold  
Shade's fallen now  
Wings torn apart  
He went beyond  
Point of no return

Game on  
Fly with me my dragonflies  
Lash with your wings of sorrow  
'Till tomorrow

Game on  
Fight with me my dragonflies  
Sing with your golden tone  
And let your raging fire burn
