

American Heartbreak, Drinks

Falling on your face
Watching people passing by
Feeling so all alone
Down on a Valentine's Day
You're bringing me down
Jack me off, baby disconnect me
can't really complain
Drinks are always free for me

Let's order drinks all around
Let's drink to the assholes
Drink to the fools
Let's drink to you
Let's drink to the bastards
Drink to the scum
Let's drink to the motherfuckers
Let's drink to you, let's drink to you

One bottle down
Two to go and three to get reckless
Feeling so all alone
Down on a Valentine's Day
You're bringing me down
Jack me off, baby disconnect me
can't really complain
Drinks are always free for me

(Repeat Chorus)

Let's drink to the bastards, let's drink to you
Let's drink to the faggots, let's drink to you
Let's drink to the scumbags, let's drink to you
Let's drink to the motherfuckers

Now is the time and you're going away
Now is the time you're going away
Now is the time you're going away
Oh no, oh no

(Repeat Chorus)
