

American Juniors, I Can't Help Falling In Love - M

Wise men say only fools rush in
But I can't help falling in love with you
Shall I stay
Would it be a sin
If I can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be
Ohhh take my, my hand
Take my whole, my whole life too
For I can't help falling in love with you
