

# American Juniors, I Can't Help Falling In Love - M

Wise men say only fools rush in  
But I can't help falling in love with you  
Shall I stay  
Would it be a sin  
If I can't help falling in love with you

Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be  
Ohhh take my, my hand  
Take my whole, my whole life too  
For I can't help falling in love with you
