

Andy Williams, Quiet Nights Of Quiet Stars (Corcovado)

Quiet nights 'n quiet stars, quiet chords from my guitar
Floating on the silence that surrounds us
Quiet thoughts 'n quiet dreams, quiet walks by quiet streams
Climbing hills where lovers go to watch the world below together

We will live eternally in this mood of reverie
Away . . . from all the earthly cares around us
My world was dull each minute until I found you in it
And all at once the happiness I knew,
Became these quiet nights of loving you!

< instrumental break >

We will live eternally in this mood of reverie
Away . . . from all the earthly cares around us
My world was dull each minute until I found you in it
And all at once the happiness I knew,
Became these quiet nights of loving you!

Hmmm . . .
