

# Anna Cyzon, Shockwaves

Hey!  
What you doing over there?  
Where you going after  
Hey!  
Can I come with you?  
Won't you give me your number  
We can do it, we can talk all night  
Get to know each other better  
Share a kiss at sunrise, or  
We can take it to the bathroom floor  
Where I can fuc\* you like an animal  
And you can beg for more

Once I get a hold of you tonight  
O, O, O  
Dig my fingers in and hold on tight

Rip your body up against mine  
Shockwaves splitting down my spine  
Pull you in and tear you apart  
I want your sex and not your heart

Hey!  
Why you standing over there?  
Who you looking after?  
Hey!  
I thought I made it clear  
You already got my number  
We can do it, we can talk all night  
Get to know each other better  
Share a kiss at sunrise, or  
We can take it to the bathroom floor  
Where I can fuc\* you like an animal  
And you can scream for more

I'm not letting go of you tonight  
No, no, no  
Dig my fingers in and hold on tight

Rip your body up against mine  
Shockwaves splitting down my spine  
Pull you in and tear you apart  
I want your sex and not your heart  
Step to me, show me how you like it  
Give it to me, let me, let me ride it  
Step to me show me how you like it  
Give it to me, let me, let me ride it

Make the sun go down  
Make the moon shine bright  
Make sure theres one thing on my mind  
Tonight

Rip your body up against mine  
Shockwaves splitting down my spine  
Pull you in and tear you apart  
I want your sex and not your heart  
Step to me, show me how you like it  
Give it to me, let me, let me ride it  
Step to me show me how you like it  
Give it to me, let me, let me ride it
