

# Anne Murray, The French Waltz

Oh, there won't be no stars  
Coming out in the sky  
Tonight when my baby walks by  
They know that they can't hold a candle  
To the look in his eye  
I know that I'm not the wisest of all  
But I guess mine's the luck of a fool  
I found all the gold that I'll ever need  
In looking at you  
Quand je vois ton visage  
Dans n'importe quel langage  
Je dit je t'aime  
Je dit je t'aime  
Je t'aime mon Mari  
And when your time comes for cards  
With the other old men  
And I'm thinkin' 'bout what I've been through  
I'll know that my life was important  
When I think of you  
Quand je vois ton visage  
Dans n'importe quel langage  
Je dit je t'aime  
Je dit je t'aime  
Je t'aime mon Mari  
When the old people look out their windows  
I know they'll be happy to see  
From the smile in our eyes  
Real love hasn't died  
In Pari'  
Quand je vois ton visage  
Dans n'importe quel langage  
Je dit je t'aime  
Je dit je t'aime  
Je t'aime mon Mari  
Quand je vois ton visage  
Dans n'importe quel langage  
Je dit je t'aime  
Je dit je t'aime  
Je t'aime mon Mari
