

# Anointed, Come Unto Me

Ohh ohhh

I remember the time  
I turned and walked away  
Like a lamb who'd gone astray  
My life was filled with grief  
And every day i searched for relief  
But in the distance i could still hear him say

Chorus  
Come unto me  
If you are weary  
And I will give you rest  
Come unto me  
If you are worried  
I'm all the comfort you need  
So come unto me  
Come unto me

Now if you may find  
Yourself hopeless or in despair  
Brokenhearted  
Needing someone to care  
You can begin to express  
All the void and emptiness deep inside  
He's waiting with his arms open wide  
To receive you today

Chorus

You're covered with sorrow  
You can't see a tomorrow  
I'm all the comfort all you need  
So come, come on come on come on  
Come unto me
