

# Anointed, God Spot

Began a new life  
Found a love of your own  
Got someone by your side  
Now you don't have to be alone

But you find yourself in need of more than what they can give  
And it's taking all your strength within to get them to understand

Chorus  
Well, there's a place within the soul  
There's a place that nobody knows  
It's a place where some they come and go  
But no one can fulfill the Godspot  
A place that's in demand  
Need a lot of love someone to understand  
It's a place where only He can  
'Cause no one can fulfill the Godspot

Always surrounded  
By so many many friends  
They were like a family  
Promised to be there 'til the end

But then you realized you gave too much of your heart away  
You put all your trust in them  
You thought they would always stay

Chorus

When everyone has let you down  
Depend on God, He'll always be around  
And when life seems impossible  
Trust in Him, and you will find He's able  
Yes, He's able, yeah

I'm trying to say that things and people will never satisfy  
'Cause there is nothing or anyone who could take the place of God

Chorus

No one can fulfill it, it's a Godspot, yes it is  
No one can take the place of God
