

# Anointed, Something Was Missing

I had it all, living on cloud nine  
I was losing myself in having a good time  
There was no need for anyone  
I simply closed my eyes  
Then I woke up with my heart aching  
And that's when I realized

Chorus  
Something was missing  
Somethign was wrong  
How could I think that I could get along  
Without you?  
My eyes could see the sun  
It was shining  
But I only felt the rain  
'Cause something was missing  
Until I let you in my life again.

Verse 2  
You were there waiting  
Watching from the sidelines  
Standing there wondering  
When I'd come around  
It took so long for me to see  
That without you, I wouldn't be  
I couldn't breathe  
And without you my life would have no meaning

Bridge  
Until I let you in my life again  
Something was missing  
Until I let you in again.
