

# Ant Saunders, u know it's real

i never lived but a day before you r day was mine  
worth more than money can pay , but you're still a dime  
and when we wasted time we never wasted time  
I need more of your time

and the alignment of stars wil finally agree  
if you just come out and lay down on the grass wht me  
and we'll watch it all go down what a sight to see  
it's just you and me

you know it's real  
when thinking bout her gives you warmth  
you know it's real  
when you get anxious thinking forth  
you know it's real  
you know it's real when you can't take being far away

a mind absolute and a body profound  
waiting for passionate arms to surround  
I can't wait to tell my mom all about you  
she won't be used to seeing me without you

clouds in the sky but the sun's not away  
long as you stay whit me another ay  
ice in the road but I won't mind the drive  
I might be wild ut I'll keep you alive

you know it's real  
when thinking bout her gives you warmth  
you know it's real  
when you get anxious thinking forth  
you know it's real  
you know it's real when you can't take being far away

you know it's real  
when you get lost inside her tare  
after a while nothing else is even there  
you know it's real  
you know it's real when you can't wait for another day

so won't you come on over  
come on over  
won't you come on over  
come on over

hey girl  
know I adore that  
stay there  
right where you're at  
stay awhile  
I wouldn't mind that  
cause I'd like that  
I like that

hey girl  
can't even look back  
appeal  
wat you don't lack  
just chill  
let your hair back  
cause I'd like that  
I like tat

you know it's real

when thinking bout her gives you warmth  
you know it's real  
when you get anxious thinking forth  
you know it's real  
you know it's real when you can't take being far away

you know it's real  
when you get lost inside her tare  
after a while nothing else is even there  
you know it's real  
you know it's real when you can't wait for another day
