

Archive, Controlling crowds

Why are you so scared and creeping around?
Taking photographs all over town
Pictures in the dark that live in the light
The world is my playground too and Ill do what I like
Why are you so scared of falling apart?
Intimidating me for falling apart
Stay on your knees with your cross and dont tell me you know so
The world is my playground too and I refuse to follow
Flow with me
Falling through the night
Fly with me
Falling out of sight
Find me
Hold me
In your arms
Cause Im scared of their controlling crowds
Keep me calm
Cause Im scared of their controlling crowds
Here they come
Why are we so scared and creeping around?
Hiding from mirrors and screens all over town
Objects disturbing blinding taking the peace from me (a piece of me?)(->not sure)
The world is my kingdom too and I feel what I like in me
Killing my heart I can face I can face no more
The world is my playground too, I cant feel any more
Flow with me
Falling through the night
Fly with me
Falling out of sight
Find me
Hold me
In your arms
Cause Im scared of their controlling crowds
Keep me calm
Cause Im scared of their controlling crowds
Here they come
Why are we so cold and breaking apart?
Caught up in this storm just breaking apart
Pictures with colours I loved but dont see anymore
The world is my playground too I dont feel anymore
Why are you so (adored)?
Cause Im scared of their controlling crowds
Here they come
